

## CATCH THE FIRE, JOIN THE SHOW AND RAISE YOUR GLASS TO ROCK'N'ROLL.

Your soul's an anvil and **BLACKWATER HORIZON** is the hammer to ignite pure Rock in your veins. It is the handicraft of three Brothers in Music that delivers a live experience, steered and driven by an unstoppable, heart beatin' groove machine. Their special ingredients? Big E's unique and irresistible lead vocals, Ryan Summers' lingerie rippin' and leg spreadin' drum performance and Matt McGe's boner'd fretboard to low frequencies. Period.

Rollin' since 2011, **BLACKWATER HORIZON** combines the thunder of Heavy Rock with finger lickin' Blues riffs, manifested on "The Amusement Army" (2014) and "Bad John" (2017) and frequently felt, as a very personal experience, live across Europe.

Don't be fooled! You'll taste a wall of sound as you have never witnessed it before — and yet you'll know the vibe right from the beginning. That's what happens when three guys grew up through decades of Hard Rock, keeping the best ingredients in mind: freedom, power and faithful love to **ROCK'N'ROLL**.

**BLACKWATER HORIZON** are: Eric 'Big E' Haupt: vocals and guitar | Ryan Summers: drums and vocals | Matt McGe: bass, harp and vocals.

"When you are listening to **BLACKWATER HORIZON** for the first time, you'd expect all kinds of things. But most certainly not that these three musicians did not even walk the earth of **ROCK'N'ROLL** at the time when their origins were created by Bands like the Allman Brothers, Lynyrd Skynyrd or the Marshall Tucker Band."

—Local Music Radio Show 92,5

"**BLACKWATER HORIZON** delivers a magnificent show. Each instrument is performed in a perfect manner and does what it has to do. The three musicians are young and full of potential, so keep your eyes and ears open for their live experience."

—Kulturfabrik Airfield

"You'll tap your feet, nod your head and move your hair to their beat. And in your mind commences a road movie that will lead you straight into the Wild West..."

—Dark Exit Webzine

"Their mission: bringing honest **ROCK'N'ROLL** back to life!"

—Radio Antenne Mainz
